

The Homes By WATSON team...

Knowledge + experience + teamwork = results!

KNOWLEDGE!

I was born in Ajax, just East of Toronto where my family ran a small business. Here I learned the value of hard work and treating your customer's right.

I worked my way through school at the universities of Waterloo and Windsor - psychology.

We focus on "YOUR" real estate dreams...

And yes while at a franchise brokerage we were #23 in Canada & #97 Internationally!

Cathy was born in Guelph. She worked her way through George Brown College in Toronto - addiction counseling.

Afterward, we worked for years as counselors teaching personal coping and problem solving skills.

EXPERIENCE!

In 1987 we became Realtors© determined to apply lessons learned from life and school.

After many successful years working for a franchise brokerage we decided it was time to create
